Learning Objectives:

Why work experience?

- Develop skills that employers want
- Try out a possible career route
- May be required for a specific course
- Organising a placement in itself gives you skills – RESILIENCE!
- You may get a reference or even a part-time job
- Gives you things to talk about in an interview
- Starts you off networking
- Teaches you workplace behaviour

Opportunity to experience how work is different to school / relevance of school

Find out what you don't want to do – this is just as important

Trial a potential future career

Inspiration

Reference

Be treated as an adult – extra responsibilities

Contact with employers/ employees with a range of work experiences

Work experience – things to think about!

- You will probably have to apply for several placements
- Make sure your application is professional – spelling and grammar, formal English. First impressions count.
- Priority now is to organise your placement and get your CV ready
- You may well have to follow up your original contact – suggest 10 days
- Be prepared to travel- if you're waiting for a driving test check there is a public transport route
- You may need to travel/live away for the week.
- Think broadly – bus routes into Peterborough, Deeping industrial estate, stay with relatives, London?
- Doesn't necessarily have to be what you're going to do as a career – any experience is good.

Vocational courses

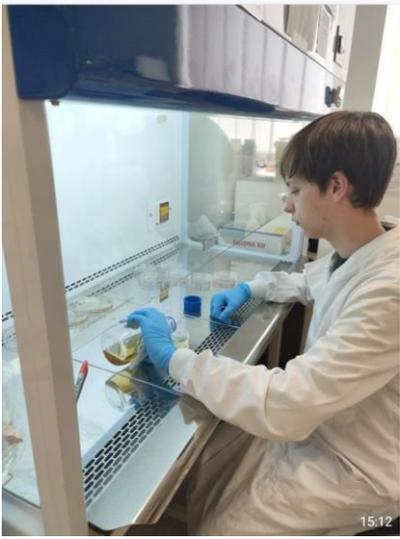

Vocational courses often require relevant work experience:

Eg medicine, healthcare, veterinary, teaching, social work ,agriculture

Eg University of Nottingham Veterinary Medicine

your application is reviewed to ensure that you have gained at least 5 weeks of work experience. This can include:

- A minimum of 3 weeks of animal handling
- Up to 2 weeks of either customer facing and/or teamwork experience

Dear Sir/Madam [or name],

I am a year 12 student from Bourne Grammar School. I would like to enquire about a potential work experience placement at [company name], which I will be available to carry out for one week from Monday 29 June –Friday 3 July 2026.

I am currently studying A levels in [subjects]. I am keen on gaining some practical work experience in [chosen field of work], because [reasoning for pursuing a placement with this specific company and field].

In my spare time, I like to [list relevant hobbies and interests], and I've also had some experience in/am a member of [list any groups/clubs/other work experience].

As an enthusiastic student with a keen interest in [name career area], I would be very grateful to be considered for an opportunity at [company name].

If you are able to offer me a place, our School uses Unifrog software to process the administration relating to work experience; if you are able to let me know if you are able to offer me a place I will arrange for you to receive a form which asks you to confirm the details of the placement and answer a few basic health and safety questions.

I look forward to hearing from you soon.

Yours [sincerely/faithfully]

[Your name]

Finding good work experience.

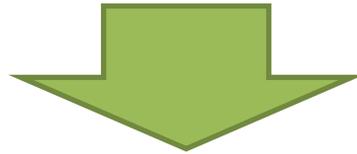

1. What are you interested in? This doesn't have to be the career you necessarily want but similar skills or areas help when writing a personal statement.
2. Email EVERYONE. The worst you can be told is no. As long as you're polite and kind an email can never be rude or out of place.
3. Just because work experience isn't advertised doesn't mean it's not offered.
4. Get stuck in. It's cheesy but you get out what you put in. Make the most of the experiences and skills you can gain while you are there.

3 forms

1. Student form – completed by you!

2. Employer form – details of the placement including health and safety

3. Parent form – to give their consent

The screenshot shows a web interface for managing placements. At the top, there is a navigation menu with options: Overview, Locker, Applications, Recording, App materials, References, Academics, and Edit. Below this is a secondary menu with Search tools, Library tools, UK Clearing, Personality, Interests, Events, and Placements. The main content area is titled 'Alex's Placements' and includes a summary: 'Alex has added the following 8 placements. So far 0 general comments have been added. Add / View comments?'. The primary placement is 'Alex's bike shop', scheduled for 29 November 22 - Ongoing, with an in-person type. It features a 'Comment +' button and a 'Convert to Interaction >' link. A progress list follows, with steps 1-3 completed and step 4 active. Step 4, 'School permission', includes a note about the school placement coordinator, Mr Alex Kelly, and an email sent on 28 November 2021 at 09:47:45. A 'Start >' button is positioned below the email information. Steps 5-7 are listed at the bottom of the visible list.

Key deadlines

All forms- student, employer and parent to be completed by Friday 20 March 2026.

It sounds a long time away but it really isn't!

Key points

- Student form must be 100% accurate – correct email is paramount
- Do not leave it until the last minute
- You need to be proactive
- First impressions – please and thank yous
- Own your placement – use your networks but make sure you are responsible
- Check your emails regularly

Final thoughts

- Make the most of this opportunity
- Take responsibility for your placement
- Move out of your comfort zone
- Communication and organisation
- Think outside the box – student railcard, university placement?
- Personal development
- Expectations and good manners
- Good luck!
