

Year 12 Work Experience 4-8 July 2022

Information for Employers

Introducing students to the world of work can help them understand the work environment, choose future careers or prepare for employment. As such Bourne Grammar School appreciates the time and effort that employers spend in supporting our students by providing work experience placements.

The School uses Unifrog software to streamline the administration relating to work experience placements.

As an employer once you have confirmed that you are happy to offer a placement to one of our students you will receive an online form from Unifrog asking you to confirm the following:

Employer initial form

- Employer placement lead name, job title, email address, phone number
- Company's sector and number of employees
- What languages do students need to be able to speak?
- Overview of the placement
- Does the placement and its environment carry any specific health risks additional to a low risk workplace?
- Dress code
- Is PPE or other special safety equipment required?
- Working hours
- Eating and refreshment arrangements
- Confirm that your Employers' Liability Insurance policy covers work placements
- Insurance provider, policy number, expiry date
- Confirm that your company has a written, up to date and appropriate Risk Assessment
- Confirm that your company has a written, up to date and appropriate Health & Safety policy
- Confirm that your company will abide by data protection and privacy law

The form is simple to complete and doesn't require you to have a Unifrog account.

With regard to Employers Liability Insurance, the Health and Safety Executive states that your existing employer's liability insurance will cover work placements provided your insurer is a member of the Association of British Insurers or Lloyds so there is no need for you to obtain any additional employer's liability insurance if you take on work experience students. The [ABI](#) website confirms this.

Further information on Health and Safety with regard to work experience can be found at <https://www.hse.gov.uk/youngpeople/workexperience/index.htm>
