eSAFETY EVENING

As part of the School's commitment to promoting online safety, we are running an *eSafety for Parents Evening* on Thursday 23 March at 19:00 in the Main Hall. Doors will open at 18:30.

The array of services students use can be bewildering; mobile apps, online games and an array of ever-changing social media networks provide a challenge to parents and carers who, naturally, wish their children to become responsible digital citizens. Whilst the Internet is without doubt an invaluable educational and social tool, and will be a permanent fixture in all our lives going forward, there are risks that must be considered, understood and where possible, and, practicable, mitigated. We feel that this is best accomplished through education.

The presentation will cover topics such as:

- An overview of the social media platforms often used by young people
- 'Sexting' and how to support your child
- Online sexual exploitation - spotting the signs
- Practical ways by which parents can help their children stay safe online
- How to report online issues

This evening is aimed at parents, not students; if you wish to attend, please book your seats (limited to two per family) by Thursday 16 March by visiting <https://www.ticketsource.co.uk/event/174745>.

ARTWORK

The artwork featured this week are preparatory pieces by Year 13 students for their exam theme 'Environment'.
